

## EGO 30-litre sorting bin

Recycling for	Capacity
<b>Paper/Waste</b>	<b>26 L</b>

### Description

**EGO revolutionizes recycling bins with its design and manufacture.**

Its unique ergonomics facing the working position are an invitation to recycle, making it an obvious choice for ease and comfort of use.

Evolution: no more bin bags in offices.  
EGO is fitted with the new Easyclean™ tray (an exclusive patented system), with NO NEED FOR PLASTIC BAGS. Its «biodesign» shape means the general waste tray simplifies and minimizes cleaning time as one 5-second wipe is all that's needed. Hygiene is better thanks to a specially developed plastic with anti-bacterial, anti-adhesive and odorless properties. particularly effective way of collecting paper.
